

The Minnesota Archaeologist Index, 1935-1986

Compiled by Dean T. Sather

A COMPREHENSIVE INDEX FOR THE MINNESOTA ARCHAEOLOGIST 1935 - 1986

This index is a list of all articles published in The Minnesota Archaeologist from 1935 to the present. The entries are arranged alphabetically by author. Each entry is followed by a series of three numbers, which indicate volume, number and page the article begins. Prior to 1950, no numbers were assigned to separate issues but issues were designated by the month. This index provides a numerical ordering of the separate issue numbers for each year followed by the original month designation in parentheses.

Most of the material for this index comes from two previously published indices. The first was published in 1974 (Vol. 33, No. 3&4) and the second in 1980 (Vol. 39, No. 1). Some corrections were made to these indices.

The miscellaneous entry is complete only from 1975 to present because previous issues were unavailable.

MINNESOTA ARCHAEOLOGIST - Author Index 1935 - 1986
